

DIANE

by Cathy Segal-Garcia

*Diane, Diane,
the softest of the angels!
Diane, Diane,
the brightest star above!*

*Bringing the light of the heavenly skies
Into the hearts of everyone's lives...
She touches all who let her
With her warm embraces.....*

*Diane, Diane,
She'll sing a song of laughter!
Diane, Diane,
She'll sing a song of love!*

*Open your heart to her heavenly song,
Hearing the words that cannot be wrong...
For your heart needs the message
that she brings...*

*Of love,
And hope,
And care,
And dreams...*

*She brings all of these things...
Diane*
