

## COME ON EVERYBODY

Come on everybody, let's party tonight!

We're feeling real good and we're feeling alright!

The opposition's losin' cause they lost the fight...

Our team's winning and we're doin' it right

(So) Throw that ball and we'll knock it outta sight!

(So) Come on everybody, let's party tonight!

The team this year is making some noise,

We got ourselves a new crop of boys...

We're holdin' our own with the best in the league,

So you better watch out cause we're takin' the lead!

Our team's goin' to the Big Show!
